## PROJECTS

- ▶ **e-Commerce**
  - Developed an e-commerce platform, (Shoplifi) using React.js, elevating user-experience through features like user-friendly navigation, product categorization and cart functionality.
  - Integrated commerce.js for product updates and e-commerce functionality, and management of shipping details.
  - Integrated Stripe for secure payment processing,
- ▶ **Medical Chat App**
  - Engineered a secure medical chat app, prioritizing the confidentiality of medical discussions among health professionals.
  - implemented end-to-end encryption using crypto library to ensure the confidentiality of medical discussions.
  - Provided a secure login system with bcrypt, allowing users to access a private chat experience with verified identities.
  - Utilized Stream Chat to enable real-time communication and Twilio to send SMS notifications.
- ▶ **YouTube Clone App**
  - Developed a responsive React.js application and integrated a third-party API to display real-time YouTube videos featuring captivating video sections, tailored categories, and personalized channel pages. Significantly, implemented the functionality to play videos directly within the YouTube Clone App, enhancing user engagement and interactivity.

## Education

- ▶ **Bachelor of Science in Geophysics**  
University of Lagos, 2012 - 2017
